

# Practical Leadership for Administrators

presented by: Dr. David Lee

This unique training program is designed for both entry level and career level administrators in Mississippi schools. The goal of this training is to prepare school leaders for practical, effective leadership, which positively impacts school improvement and, subsequently, student learning. The program employs a number of learning platforms interspersed over the program's lifetime and addresses a wide range of topics necessary to prepare school leaders to meet today's challenges and responsibilities.

## PARTICIPANT TRAINING JOURNEY

In order to truly maximize and effectively deploy what is taught, this training refers to a "Participant Training Journey" which will consist of virtual face-to-face training, self-paced, online training, weekly interactive coaching and online networking with key nationally known experts. On-site, face to face workshops may be scheduled as circumstances regarding COVID-19 allow\*.

Those who undertake and complete this 19-week training will not only earn 5 OSL or 50 SEMI credits, but will walk away truly having a solid grasp on the skills and tools necessary to be productive and effective school leaders.

## About Dr. David Lee

Dr. David Lee is an internationally recognized leadership and motivational expert, speaker, and author. He has been where you are and experienced the same challenges and demands. Having served from the classroom to the boardroom, Dr. Lee has over 35 years of experience driving change in organizations and providing the motivation that enables people to be better at what they do. Dr. Lee obtained his doctorate degree from Louisiana State University and has been a classroom teacher, coach, principal, superintendent of schools, deputy state superintendent, college professor and a local school board member. He is currently an associate professor of educational leadership at The University of Southern Mississippi.

## Network With a Nationally Recognized Panel of Experts to Include:
